Survey report of chemical substances

1. Survey target products

Following products and Packaging materials of the products

Polycarbonate resin	Iupilon™
Polycarbonate resin	NOVAREX™
Polycarbonate resin	XANTAR™

2. Survey target substances

211 substances included in the Candidate List of substances of very high concern (SVHCs) on January 19, 2021 (published in accordance with Article 59 (10) of the REACH Regulation); generally called 24th SVHCs

3. Survey results

One of SVHCs, Perfluorobutanesulfonic acid (PFBS) and/or its salt(s) is/are intentionally added in some grades of above mentioned survey target products.

In the case that the content of PFBS and its salt(s) is above 0.1 wt%, the some grades are subject to information provision obligations of REACH.

Notification to ECHA should be required, in the case that the content of PFBS and its salt(s) in molded article(s) using the some grades is above 0.1 wt% and that total amount of PFBS and its salt(s) in the molded article(s) of one importer is over 1 MT/year.

Other SVHCs may be contained as impurity, but the content is 0.1 wt% or less.

Please ask the corresponding grades individually for us.

Note: This document was issued based on currently available information,
and there is no guarantee regarding the future validity of the stated items.
